SENIOR LIVING IN LOUISVILLE

A range of residential options and a full continuum of care all on one campus

MASONIC
HOMES
KENTUCKY

HISTORIC CHARM AND MODERN CARE

Masonic Homes Kentucky is located at the cusp of beloved St. Matthews and Crescent Hill neighborhoods off Frankfort Avenue. The Louisville Campus is a community of its own with a unique ZIP code and gated front entrance.

In addition to our award-winning care and breadth of lifestyle options, we take great pride in our 82-acre campus, designed in 1927 by the renowned landscape architecture firm founded by Frederick Law Olmsted. Our unique outdoor space includes a four-mile walking path. It intertwines our historic and contemporary buildings with nature and notable features like our outdoor amphitheater, where you can enjoy concerts and other entertainment programs.

LIFE CARE

Peace of mind for your physical and financial health

Masonic's Active Lifestyle Communities offer the independence you want and the security you need, right on our Louisville Campus.

In addition to our services and amenities, your monthly fee also covers Life Care benefits. Should you ever need health care services, you'll have access to the care you need, right on our campus. And if you need to permanently move into another area of our community that provides more care, your monthly service fee converts to one that is equal to the median of all independent living monthly service fees being charged at that time.

Life Care at Masonic means:

- predictable monthly expenses and protection from future increases in cost of care
- guaranteed priority access to on-site assisted living, personal care, skilled nursing and memory support
- estate protection through our one-time, 90 percent-refundable entrance fee
- substantial savings over average costs of private nursing care
- potential tax benefits
